Central College

Bangalore 23rd December 1912

Dear Mr Shama Rao

I enclose an estimate prepared by Mr L A Sampatkumaram of the cost of the necessary equipment for Botany in the B A course amounting to Rs 5 300/- for Botany as a Subsidiary subject and a further sum of Rs 6300 for Botany as the Principal subject

The accommodation that could be placed at the disposal of the Professor of Botany from July next would be part of the space now use for B A Chemistry I assume that by July next Mr Usher will have vacated all the rooms which he occupies at present

If the Mysore Government should at some future time decide to remodel part of the existing building for the better accommodation of Natural Science or to build a new building for Natural Science plans might be drawn up by the new Professor of Botany It would be premature to discuss such matters now The new Professor can have a room with north light and with gas laid on in July 1913 in the existing buildings

No addition to the staff would be required at any rate in 1913-1

Yours sincerely

(Sd) J G Tait
